## SHOT, ONE STABBED IN CHICAGO FRAYS

CHICAGO, Sept. 15. (UP)—Three men were shot and a fourth stabbed at night in Chicago shooting and fighting affrays. One was expected to die.

Pete Besbes, 52 years old, wounded one man who, he said, attacked him while he lay in bed at his Congress street lodging house. He accused Ernest Demos, 53, and Harry Kallas, 47, of entering his room and stabbing him about the face and body.

Besbes fired five shots from a revolver he removed from beneath his pillow, wounding his assailants. None was critically hurt.

A half hour previous Paul Cuprea, 34 years old, cigar store proprietor, was wounded critically by three men who shot him from an automobile as he walked through the north Loop district, scene of many gang slayings. It was the city's first "spot" murder attempt in months.

SAN ANTONIO, Tex., Sept. 15.—Shaped, tortured and held for \$50,000 ransom, H. D. Snell, 42 years old, of Cordell, Okla., was freed accidentally late yesterday when his abductors' automobile, bounding along a highway north of San Antonio, threw him through a door he had managed to open.

He lay unconscious for several hours on the unpaved road until a special policeman saw him and took him to police headquarters. There he told how the kidnapers choked him, stepped on his neck and poked pistols in his side. They did not take the \$50 in his pockets.

"I told them to go ahead and kill me," he said. "I wouldn't sign anything," he told officers.

## PROMISE WAS BROKEN SAYS GEN. JOHNSON

NRA LEADER ALLEGES BREACH OF FAITH IN TEXTILE STRIKE

UNIONS AROUSED AT CHARGE

Leader of Mill Workers Agreed to Abide by Code According to Recovery Director

NEW YORK, Sept. 15.—Gen. Hugh S. Johnson, NRA administrator, last night said the present textile strike was called in direct violation of an understanding reached with him last June.

At that time he said, a strike in the textile trades was threatened, but he reached an agreement with textile leaders and it was called off.

"If such agreements of organized labor are worth no more than this one, then that institution is not such a responsible instrumentality as can make contracts on which this country can rely."

Addressing a meeting of the code authorities in Carnegie hall, Johnson said the strike "was pulled in contravention of the solemn agreements of the federation."

"Men circulated among the delegates and told them the government would feed the strikers. Norman Thomas appeared and urged the strike. He is a politico. Whenever a strike becomes political it has no place in the lexicon of the NRA."

"The cotton textile industry is the very last place in this country in which a strike should be ordered. It was the first industry to come forward with a code. That code increased employment by 140,000 or nearly 33 1-3 per cent. According to our studies it increased hourly wage rates by 70 per cent."

"When I think of George Sloan, president of the Cotton Textile Institute, my heart weeps. I know what opposition he went up against. He overcame it all and got these concessions for labor. It is a pity that he now has to take the rap in the dissection between labor and management of the whole proposition."

Johnson discussed President Roosevelt's plan to remodel NRA on the form of a political government, separating legislative, judicial and executive functions.

"I agree with Judge Louis Brandeis," he said, "that what is too big is found to be wrong. NRA is too big. I don't know whether breaking it up will satisfy this idea but I think there is such a thing as too much power in the hands of one man. I have said this over and over again. And the quicker it is divested from me the better I will like it."

NEW YORK, Sept. 15. (UP)—Matthew Woll, vice president of the American Federation of Labor, early today issued a statement scoring a speech made here last night by Gen. Hugh S. Johnson in which the NRA administrator said that the textile strike was in violation of an agreement textile leaders made with him last June. Woll said he was confident that "the textile workers can and will answer Johnson."

Johnson spoke at a meeting for the code authorities in Carnegie hall. Woll's statement said:

"When invited to address the Carnegie meeting by understanding was that it was for the purpose of discussing the NRA and to be advised by General Johnson of the new procedure and policy about to be arranged. Of course, I had no knowledge that General Johnson would use the occasion to attack the textile workers and laud the textile employers and bitterly denounce organized labor in general."

"I am confident that the textile workers can and will answer Johnson and despite Johnson's attack on the organized labor the labor movement will go on."

## Hapsburg Heir Plans Return

ARCHDUKE OTTO, EMPRESS MATHER RITA WILLING TO ADOPT "CITIZEN" ROLE

BRUSSELS, Sept. 15.—The Hapsburgs, at long last, are going home to Austria. Sources close to the royal family that once ruled the mighty empire of Austria-Hungary said this evening that former Empress Zita, widow of Emperor Charles I, who lost his throne in the upheaval that followed the world war, expects to be living in Austria by Christmas.

Preparations are already underway at Stenckerzell castle here for the return of Zita and her eight children, including Archduke Otto, the Hapsburg pretender to the thrones of Austria and Hungary.

Permission has been granted the family, it was understood, to reside in Austria as plain, ordinary citizens of that present day republic.

Last night Zita, her mother's stay at Villa Pianore, the Bourbon-Parma estate at Viareggio, Italy, at an end, was hurrying back to Brussels, while Otto, too, was enroute to the castle here after his tour of Scandinavia.

At Viareggio, just before her departure, Zita received King Victor Emanuel and Queen Elena of Italy, and after their call the "unofficial" engagement of Otto to Princess Maria of Italy was made known.

## Take Chickens At County Farm

BETWEEN 120 AND 125 PLYMOUTH ROCK HENS TAKEN FRIDAY NIGHT

Poultry thieves raided the hen house at the county infirmary, four miles east of Greencastle Friday night, and escaped with between 120 and 125 Plymouth Rock hens, Mrs. Clarence Crosby, wife of the county farm superintendent, reported to the local sheriff's office.

It was said the theft occurred between 12 o'clock midnight and 1 o'clock Saturday morning, the thieves first driving south toward Mt. Meridian and later driving back past the county farm and going east on the Indianapolis road.

The chickens were carried from the county farm hen house to the road which runs north and south in front of the county house, it was said. County officials Saturday were working on the case but due to the difficulty of tracing chickens had little hope of capturing the thieves.

## TAX ADJUSTMENT BOARD TO MEET IN CITY MONDAY

GROUP TO GO OVER RATES SET BY VARIOUS UNITS IN COUNTY

ALL BUDGETS TO BE SCANNED

Action of Board Awaited With Some Trepidation by Officials Who Spend Money

Members of the Putnam county tax adjustment board will meet in the commissioner's room in the court house Monday to go over proposed budget estimates and pass final judgment on levies of the various taxing units for next year.

Action of the board is awaited with some trepidation by officials who have pared their proposed expenditures to the limit and who feel that any further cuts will leave them deficits at the end of next year.

The board is composed of William Compton, trustee of Russell township; Clarence Steward, president of the board of the town of Bainbridge; Emmett Green, member of the board of education of the school city of Greencastle; C. B. Havens, Greencastle; Jesse McCoy, Cloverdale, and Omer Stoner, Greencastle township, resident freeholders, all of whom were appointed as provided by law by Judge Wilbur S. Donner; and John Sinclair, a member of the county council, selected by that body to represent it on the adjustment board.

All budgets will be scanned carefully and decreases in the levies will be made where advisable. Declarations of emergencies will also be studied by the board to see if the estimated expenditures which exceed the amounts fixed by state law are justified.

County Auditor W. A. Cooper stated Saturday that total rates for each of the townships and towns of the county have been computed in his office although levies for the Roachdale library and Bainbridge town have not yet been filed. County officials in figuring the total rates estimated the levies for these two units at the same figure as last year.

Comparative rates in effect this year and proposed for next year as computed by the auditor follow:

## BRITISH FREIGHTER ABLAZE, GROUND AT BALBOA FRIDAY

BALBOA, Canal Zone, Sept. 15.—Fire and smoke bursting forth as the hatch cover of the British freighter Bradburn was removed late Friday led port authorities to take hurried precautions to protect other shipping in the harbor.

A Canal Zone tug was tied to the ship and beached her in the mud flats off the anchorage here while docks in the vicinity were closed to traffic.

Dense clouds of smoke poured from the Bradburn's hatch, three ventilators, the crew quarters and the quarterdeck.

Firemen, after abandoning earlier efforts to quench the flames with steam under pressure, decided to use water despite the danger of ruining the cargo of cotton aboard.

Three lines of water were turned on the vessel, the water sizzling as it hit the decks. Firemen had to stand on planks, so hot was the footing.

Passengers aboard the Panama Pacific liner Pennsylvania, which tied up shortly before, lined the decks watching the conflagration.

COLON, Panama, Sept. 15.—A fire in the coal bunkers of the Hamburg-American freighter Cassel was located and quenched yesterday and she sailed at noon for Liverpool.

## RADICALS FAST GAINING CONTROL, SAYS ROBINSON

PRINCETON, Ind., Sept. 15.—Senator Arthur R. Robinson in a campaign speech here last night charged that "changes in our form of government are the handwork of an ever-growing group of radicals in key positions."

"They are changing this government from a representative republic to a puzzling polygot of bureaucracy, state socialism and fascism," the senator asserted.

"We have forms of communism in the government itself to such an extent that our efforts should be directed toward eradicating subversive influences from high places rather than against the soap-box orator on the street corner who harangues the occasional passerby."

## FIRST BAPTIST CHURCH

Gust Emil Carlson, minister.

In our church forward movement in Greencastle, Sunday is our "loyalty Sunday." Not merely loyalty to the church or to an organization as such but loyalty to Christ. If we move at His command we will soon possess our rightful spiritual possessions. Any other manner of movement will be futile and fruitless. Let us remember the prayer of Moses in his going forward to possess the promised land, "If thy presence go not with me, carry us not up hence."

"Substance" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 16.

The Golden Text is: "My God shall supply all your need according to his riches in glory by Christ Jesus" (Philippians 4:19).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord is clothed with strength, wherewith he hath girded himself; the world also is established, that it cannot be moved. Thy throne is established of old" (Psalm 93:1-2).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Substance is that which is eternal and incapable of discord and decay; Spirit, the synonym of Mind, Soul, or God, is the only real substance. The spiritual universe, including the individual man, is a compound idea reflecting the divine substance of Spirit" (p. 468). "Spirit is the substance and consciousness recognized by divine Science" (p. 274).

## GARDNER BROS. TEAM DEFEATED IN GAME POSTPONED FROM MONDAY NIGHT

(By I. L. S.)

City softball league tilts were resumed Friday night with Ellis Store winning from Gardner Bros. 10 to 6.

The game was scheduled for last Monday night but was postponed on account of rain. The result broke a tie between the two aggregations for fourth position in league standing, with the winners showing two victories and one defeat and Gardner Bros. two games lost and one won.

McCulloch, first baseman for Gardner's, brought in the only home run of the contest in the opening frame, bringing Miller safely home for the only two counters they were to receive until the fourth inning.

With the score tied 3 to 3 at the beginning of the fourth the Ellis team started on a hitting spree and before the third out was made they had counted up nine hits and seven runs. Three more runs were made by Gardner's in the fifth and the tilt ended 10 to 6 in favor of Ellis.

Hammond was in the pitchers box for the winners until the sixth inning when he was replaced by Hurst. Atlogie was behind the bat. Davis and King composed the battery for Gardner's.

The score:

Ellis..... 0 1 2 7 0 6 x—10 18 4

Gardner..... 2 0 0 1 3 0 0—6 8 3

Umpires: Myers, Godfrey and Grimes.

## TIGER CUBS WALLOP FILLMORE

In a game called at the end of the fifth inning the Greencastle high school Tiger Cubs walloped Fillmore 20 to 0 in their second game in the northern division of the Putnam county high school baseball league. The game was played on McKean field. Hutson, pitcher for the Cubs, allowed only three hits while his teammates collected fourteen off of Jenkins, Fillmore hurler. The winning pitcher was credited with nine strike-outs and no one walked. Jenkins struck out five Greencastle players and walked four. Bob Clendenen caught for the Cubs and Varvel for Fillmore. Officials were Art Gross and Don Grimes.

Declaring the Rhode Island national guard he had called out in the textile strike, was unable to stem the tide of bloody rioting. Governor Theodore Green has requested President Roosevelt for U. ## New Political Party Gets Test

LAFOLLETTE BROTHERS FACE VERDICT AT POLLS ON SEPTEMBER 18

By WILLARD R. SMITH  
United Press Staff Correspondent  
MADISON, Wis., Sept. 15 (UP).—The Wisconsin primary election Sept. 18 will measure sentiment for a new political party headed by the LaFollette brothers.

Their new progressive party, outside Republican ranks for the first time in 40 years, is regarded as the feeler toward a new national alignment of liberal forces.

Signatures of 120,000 Wisconsin voters brought the new party into being this year, but the demand for it will be measured more accurately when the primary vote is counted.

Democrats have their difficulties too, chiefly because of President Roosevelt's kind words for Senator Robert M. LaFollette Jr., in his speech at Green Bay last month.

LaFollette, a candidate to succeed himself, is opposed as head of the

progressive party ticket. Five Democrats, including Mrs. Gertrude Bowler, national committeewoman, are seeking his office. His Republican adversary, also unopposed in the primary, will be John B. Chapple, young Ashland newspaper editor, who defeated the late Senator John J. Blaine, veteran LaFollette follower, by an "anti-LaFolletteism" campaign in the 1932 primary. Chapple went down before the Democratic landslide later that year.

Democratic Governor Albert G. Schmedeman, who also received the President's praise, is opposed by William B. Rubin, a bitter critic

whom he bested in the Democratic primary two years ago. Former Governor Philip F. LaFollette is not expected to encounter much competition from Henry O. Meisel, Waukesha motorcycle policeman, his only opponent for the progressive nomination for governor.

Howard T. Greene, a large scale dairy farmer and first to feed irradiated yeast to produce Vitamin D milk commercially, bears the Republican party endorsement for governor. He is opposed by two others, former Governor Fred R. Zimmerman, Milwaukee, and by James N. Tittmore, a U. S. marshal in the

Hoover administration. In addition to Schmedeman, LaFollette, and Zimmerman, a fourth former governor seeking office is former Governor Francis E. McGovern, Milwaukee, one of the opponents of Senator LaFollette.

The mad scramble of the Wisconsin primary campaign this year is illustrated by the fact that the incumbent Democrat is the only one of these four occupying the governor's chair in the past who now seeks office with the same party alignment that first placed him in the office.

THE EASY CHAIR

It takes but a moment to scan an article saying so many cotton mills closed, so many textile workers on strike or "arbitrators making no headway with strikers." Their lives and work mean little to us. We who grow foodstuffs know little about the origin or processing of textiles.

We go to the store and buy cotton fine enough for the most delicate delicate baby or course and strong enough to withstand the most destructive manual labor. It wears or it doesn't wear. We do not think of parts of the world where cotton was unknown until a century ago. We do not think of Long Staple or Sea Island or Upland or Egyptian or the long wearisome toil needed to grow it, fight its enemies, pick it, gin, bail, sort, clean, ship, spin, weave and dye it. As long as we can get it when we want it all is well. Americans are the world's best "takers for granted." Of course if we can't get what we want we begin to sit up and take notice. We may even rival Rome with a little howling.

An interesting experience recently was seeing, just a few days apart, two interpretations by moving pictures of the same historical period—1729 to 1796, or thereabouts. One was "The Scarlet Empress" filmed in America, the other was "Catherine of Russia," filmed in England.

We are a little hazy on either ancient or modern Russia, but a little dip into reliable sources confirmed our suspicion that neither version could be depended upon for historical accuracy. One film made Peter, the husband of Catherine an idiot, the other a romantic mad-man. History does not stress either abnormality. The stage setting of the American picture was fascinatingly Russian. We had a terrible suspicion all the time that it was more Russian than Russia is. It did, however, create an atmosphere and make one feel that he had been places and seen things. The acting in the English play was superior. This version made Catherine play at, and pretend an irregular moral life to regain the affection of her erratic husband. But history and the American picture agreed in painting the "Scarlet Empress" a very bright and unmistakable red.

What in food is your favorite aversion? Eggplant tastes, to me, like fried cardboard. Mushrooms feel, in ones mouth, like pieces of half-cooked liver. I do not know what, if anything, they taste like. I never could stand the feel long enough to find out. Parsnips taste like someone had spilled some dime store perfume on the sweetpotatoes. Dutch cheese—well the language doesn't have any words that quite suggest its peculiar nastiness.

And again Bishop Quail, though dead so many years, speaks in deathless fashion of September.

"September is the grape month. One look at the vineyard suffices to put a body in love with a month that holds such clusters in her hand.

"What can be more artistic than a grape cluster shadowed by grape leaves? The color, the grape shape the hoar frost with which God has seen fit to cloud the purple of his grape cluster.

"The sky is half summer and half fall; the clouds blown and scattered, very high and very, very lovely and wistful as a woman's eyes looking for him she loves.

"The sunshine is growing a trifle dreamy like a poet.

"In September the sweat of growth is ended. The rush toward fruitage has given way to the quiet smile as at evening after work is done.

"Maise ears lop and its blades begin to grow towards gold and rasp in the wind like a rusting sword. Summer clouds are departed. September days by their clouds note on the dial, summer is ended.

"September clouds make you
